

## Did you know there is money available for you to get training or attend college?

If you turn 18 while in foster care or if you are adopted after age 16, you may be entitled to an **Education and Training Voucher, or ETV**. You could be eligible to **receive up to \$5,000 per year** for tuition, room and board, books, a computer, and other costs for your education.

To be eligible, you need to:

- Graduate from high school or get your GED
- Get accepted to college or a vocational training program
- Apply for federal Pell Grant funds

**Contact your caseworker or Independent Living Coordinator** for more information and to get started.

**Don't delay! You may be eligible for an ETV, and that means help with training or college right now.**
